LOSS FROM FIRE AT SPEERS LAST NIGHT CONSIDERABLE

Flames Oirginated in Haymow Of Stable Belonging To Frank Beazell---Three Buildings Are Burned To The Ground.

OIL AND GASOLINE AFIRE

When Tank is Threatened Fluids Are Let Run Out on Ground---Part Of Property Insured.

Early last evening fire destroyed a [illegible] two smaller buildings at [illegible] belonging to Mr. Frank Beazell, a representative of the Atlantic Refiining company. In one of the outouildings there was a quantity of gasoline and this was all burned. The totul loss of property will probabaly be $ 2,000, but as there was $500 insurance on the buildings and contents there will be but a loss of $1,500 to Mr. Beazell.

The fire started at about 8 o'clock in the haymow of the stable. The flames spread quickly and by the time they were discovered had gained considerable headway. Aid was called for and a number of Speers residents responded. They could do little and the Charleroi company was sent for. The company responded as quickly as possible but the flames had gained such headway by the time that they reached the place that nothing could be done to save any of the three buildings. Previous to the arrival of the Charleroi company however it was seen that the building wherein was the oil and gasoline tank would be burned and to prevent an explosion and the spreading of the flames to adjoining places, the oil was let out. The flame when they reached this spot speedily licked up the oil.

The fire was discovered in time to permit the saving of all the animals in the stable, but there was nearly two hundred bushels of feed and three tons of hay went up in flames. It was thought for a time when the fire was at its height that the whole row of adjoining houses would be burned, but this was prevented by the overturning of a small building next to the one where the conflagration was raging. It is stated that if there had been a high wind, such as was blowing in the afternoon that the whole number of houses would have gone.

The fire is thought to have been of incendiary origin, but as yet nothing has been done towards establishing the guilt on any person for starting the conflagration.

Changes in Working Crews.

The removal by death of Abraham Milliken a lockmaster at No. 5 in the Monongahela river has resulted in a number of changes in the working crews at the various locks. Col. T. Roberts, assistant United States engineer, in charge of the locks and dams in the Monongahela river, yesterday transferred Arnold Waulther, tender at luck No 1, to No. 4 at Charleroi. Enoch Daugherty, formerly of the packet Woodward, is retained at lock No. 1.

You can't estimate the size of the [illegible] on a small boy's finger by the amount of rag he has tied around it.

REV. SHEY WILL PREACH SUNDAY AT ST. MARY'S

Rev. Lucius W. Shey, the new rector who has been called by the St. Mary's Episcopal church, of this place has arrived in Charleroi and will preach his first sermon tomorrow morning. Rev. and Mrs. Shey are moving to 511 Fallowfield avenue.

Rev. Shey for sometime has been assistant rector of the Trinity church. Pittsburg. He appeared here sometime ago and the local people were much pleased with his work and extended a call to him to come to this place.

The services which will be conducted Sunday by Mr. Shey will be the early communion at 8 o'clock, the morning prayer and worship at 11 o'clock, and the evening prayer and worship at 7:30 o'clock. Sunday school at 10 o'clock.

Miss Ora Hill entertained a number of friends at her home on Mesdow avenue last evening, at a Hallowe'en masquerade party. About thirty-five were present and the grotesqueness of the numerous costumes was a most entertaining feature. The guets were enjoyably entertained with music and games. Unmasking was at lunch hour done and the surprises were many.

Last night a number of Charleroi young people went to the home of Mr. and Mrs. George Vanderslice, in the country near Monongahela, and enjoyably spent several hours, of excellent entertainment being provided for the guests. Several were present from Monongahela. A lunch was served, consisting of the delicacies of the season from the farm, was served.

WORK ON TRACKS PROCEEDS

Donora, Oct. 31.—Thirty-six men and twelve teams are at work grading Castner avenue for the Donora and Eldora street railway, and are making great progress with the work. Already a section of the street is down to grade and the roadbed filled with slag ready for the ties.

Along a portion of the route the water and gas mains are above grade and must be lowered before the contractors can complete the grading. The gas company has men at work on their lines, but the water company is dickering with the railway company over dividing the cost of lowering their mains. Contractor J. I. Patterson is making a vigorous effort to accomplish the larger portion of the work before the winter weather comes. The biggest fill in the borough is at the corner of Castner and McCrea avenues, where the street has already been raised about six feet.

There is some talk of changing the route to Sixth street instead of Prospect, to eliminate the big curves. A proposition of this kind may be made to council on Monday night. While this is pending the work on the other streets will go on without interruption.

PROF. HOUSE MAY GET NEW TRIAL

Twice refused a new trial Prof. Franklin Reed House, formerly principal of the public schools at Smithfield, Fayette county, may yet secure a rehearing of his case. The Supreme Court of Pennsylvania has announced that an appeal would be allowed and the argumnets will be made in Philadelphia in January.

The House case is familiar to all. A young woman, Miss Clarissa Baker, was assaulted by an intoxicated person on a dark street one night in December, 1906. House was arrested, charged with the crime. The case was bitterly fought in the local courts. House was convicted and sentenced to a term in the workhouse. An appeal was taken. The Superior Court refused to reverse the Westmoreland county verdict. Then a rehearing was ordered before a full Superior bench. The opinion filed showed that of the seven judges comprising the Superior Court five stood by the Westmoreland county verdict, two dissenting.

FINISHING UP OF BUSINESS TODAY AT CONVENTION

The program for the today's session of the miners at Pittsburg shows that little will be done except to finish business which previously has been taken up. The meeting yesterday was full of interest and the different factions had clashes over matters in which the miners of the district are greatly concerned.

Delegates from the Mercer-Butler field asked that a commission make a canvass of the situation in that locality and if the strike was found to be justified that the district call on the national president for funds to carry it on. This provoked Feehan to again pay his respects to President Lewis, declaring that he and his enemies were trying to have him ousted from office, and that the real purpose of the convention was to bring impeachment charges against him.

A commission for the Mercer-Butler field was finally appointed after the debate, which lasted until almost adjournment. The commissions Henry Pergel, Matthew Johnson and William Hargest, who were named by Stephen Wetsel, national board member who was presiding at the time. None present would predict the time of final adjournment of the convention, declaring that matters were in too much of a turmoil to bring about harmony and an adjustment of the difficulties which are disputing the district.

Dennis Oates is transacting business in Pittsburg today.

GIVE CAST OFFS TO POOR COMMITTEE

The poor commitee of Charleroi are at the present time making an active canvass of the town, in an effort to secure all the cast off clothing and shoes of persons of this place who have no further use for the articles. This clothing which is often times good, will be given to the poor, of whom there is a surprising large number in this place.

People having clothing which they no longer use are requested to leave the articles at the store of William Gelder.

Two to One Bets.

Spokane, Wash., Oct. 31.—Betting on the election is becoming brisk as the end of the campaign draws near, but of $20,000 posted in one cigar store at 2 to 1 on the Republican candidate for the presidency, there remains $10,000 to be taken up. One of the features of the betting here is that large amounts of money are offered at 10 to 7 that Chandler will defeat Hughes in New York.

Misses Harriet Jolliffe and Mary McGee are spending the day in Pittsburg.

STATE POLICE FOR MONESSEN

Monessen, Oct. 31.—Troop A. State Police, with headquarters at Mt. Odin barracks, will be badly split up in the near future, orders having been received by Capt. Leon Pitcher from Harrisburg to establish special details at eight different points in four counties One of the two special details in this county will be at Monessen.

Westmoreland county will have but two special details, one at Export and the other at Monessen, where it is felt the services of the State Police are needed. Washington and Lawrence county will each get a detail. In the latter county the detachment will be stationed at Hillsville, near the Ohio border line. The point at which the Washington county detail will be stationed has not yet been decided upon, but will likely be in the geographical center.

Thirty men will be requried for the light detachments, which will leave but 25 at Mt. Oding barracks. The usual custom of changing the men at the various detachments at stated intervals of about three months will be continued. Some of the men will start for their new posts of duty on Friday and others on Saturday.

MISS NORMA GRAY MAKING A HIT

Miss Norma Gray, the former Charleroi girl who is appearing at the Star theatre this week is making a terrific hit. Miss Gray has a refined singing specialty, that cannot fail to take well, and this fact is accountable for crowds that she is drawing to the Star. Her songs are "Cannenia," "Mandy Lane," and "Always Do As You Are Told," from the comic opera of "The Fortune Hunters."

Joseph Franks is making a hit with his cornet solo. Morgan and West in their eccentric comedy sketch are among the best that have appeared here this season, and Lew Hoffman the comedy juggler is an entertaining person. He combines clear comedy with a good juggling act.

New Machine Has Been Installed

James Gelder, the proprietor of the Sanitary Meat Market of Fallowfield avenue installed in his place of business a new "Universal" electric sausage grinder. The new machine is a model both in beauty and in operation, and is an improvement to Mr. Gelder's already up to-date place.

W. R. Gant is a business visitor today in Pittsburg.

FIVE BOYS ARE FINED AND SIX DISCHARGED

Each Of Quintet Is Assessed One Dollar The Costs Being Thrown Off By the Burgess.

HOTT GIVES WARNING

Says That Lads Must Refrain From Reprehensible Practices Which Annoy Residents.

There were eleven boys before Burgess J. J. Hott last evening charged with disorderly conduct, on Wednesday evening, when they were said to have annoyed residents by reprehensible conduct. Five of the boys, whose ages range from ten to nineteen years, were fined one dollar, the costs being thrown off. The others were discharged, there not being enough evidence against them.

On Wednesday evening the boys were arrested at the corner of Eighth street and McKean avenue and the remainder on Washington avenue. The ones at Eighth street were annoying the residents of that district by knocking at their doors, sitting on the steps and using loud and profane language, and in other ways disturbing the people. The others were arrested for chalking porches and thus violating the law and disregarding the orders of the burgess.

The burgess in fining the five gave them a severe lecture in which he warned them against a repetition of the offense, and told them if they were arrested again on a similar charge they would be given the limit of ten dollars fine and costs. He said that the police are determined to break up the practice of the lads, who persist in the annoying of residents and chalking the porches and outbuildings. This lecture was also intended for the six that were discharged.

Tonight a number of extra policemen will be on the force and all persons infringing the laws governing the observance of Hallowe'en will be arrested and fined.

SOUTH BROWNSVILLE SUED BY RESIDENT

The entire borough council of South Brownsville has been summoned to appear in court on the first Monday in December to defend the suit brought by D. M. Hart, a former owner of the "Weeky Monitor," the only newpasper in the town who claims the borough owes him something over $300 for publishing ordinances in the paper and also printing some pamphlet copies of the same in 1902. The bill was presented soon afterward but council of the borough then (Bridgeport) claimed the amount was to be less than that and that they had a written agreement to this effect by reason of this dispute the bill was not paid.

A Bitter Pill.

The success of the Republican rally at Washington the other night was like a bitter pill to the former boss who has been honored by a seat in Congress for the past twelve years. Instead of this being an admired participator in the covention of Republicans from all over the country, he was looked down upon and was in disgrace, because of his traitorous conduct after his defeat at the spring primaries. He finds that another has succeeded him in the admiration of the throng, a person who, although the defeated man will not admit it is more capable of filling the office of Congressman with honor to the position and himself, than the said former boss could ever think of being.

There was absolutely no reprehensible conduct at the rally, being distinguished by the clean and honorable sentiments which prevailed. The opposition got a just rebuke and the people were given a chance to see for themselves the true state of affairs. They learned that the vituperation and abuse heaped upon the congressional and legislative tickets of the district and county has been merely the spleen of defeated candidate who is unable to accept the charge with the grace of a man.

Bigger'n The Merry Widow.

Talking about hats, the Merry Widow is not in it with the latest from Paris, the "Georgette," which is described to be about 50 in circumference and six foot in diameter. The new addition to the hat world has been brought ashore by a New York woman, Mrs. Philip Lydig. It is the creation of Paris milliner and its surface covers hunderds of square inches. In the center of the thing there rises to grace the occasion around house perhaps fourteen inches in height. From the side of this building appears a huge ostrich feather which disappears somewhere to the rear—that is when you get a front view of the apparition. Whether the woman of this country expect to take up the wearing of the affair or not is not known but if they do it's a cinch that men won't loaf around as they do now.

Dignity of Labor.

There is indeed dignity in labor. Many people would laugh if you should make this statement to them, but nevertheless it is true. Labor is given dignity for the reason that one who toils does it through love of others and love of home. His family must live and he has to provide for them. To do this he must labor. The wolf must be kept from the door and the little ones protected, if necessary with ones life. The American people formerly considered the rich in worldly goods, dignified. Perhaps they were; perhaps in most cases it was merely pompousness

John H. Jones, the president of the Pittsburg-Buffalo Coal company recognizes the dignity of labor as perhaps no other man of his position in the country, and is willing to gratify the ambitions of his employes in as much as he has power. Will he be benefitted? Most certainly. No only will he secure the best of employes for his mines but he will have the happiness which comes only to the man who does good to his fellows.

Electric Sparks.

Wonder if fish can swim in salt water. If not the certain kind of which we speak had better get busy and learn how with a suddenness to be prepared for next Wednesday.

Bet the Republican rally at Washington last night made Mr. Acheson feel mighty jealous because he was not the star performer. But then you see, Ernest, that you can not always expect to be at the head of all the festivals in this county.

Better watch out Mr. Lewis, or you will sure get in bad. This stems to be the opinion of the Miners of this district anyhow.

Wonder if William Jennings will come out for president in 1912, or is it possible that the Democrats will have hat enough of his buring eloquence by that time.

When the Devil gets in a person until they cannnot help from stealing the sufferer should be placed in a nice little room distinguished by its number of steel bars, until they have sufficiently recovered from the attack of his Satanic Majesty.

The Chicago clergyman who believes twentieth century churches are to be run without the aid of angels, would never do for the theatrical business.

If you would see a man at his best, fix your eyes on him when he has a financial object in being argeeable.

If the people of the United States are really anxious to curb the trusts that exploit the people instead of benefitting them, and to control the corporations that trample upon the rights of individuals, the thing to do is to vote for Taft. Commission him to do the work by a majority that will give him confidence. Bryan would be powerless to do anything without the Senate, and is too radical to do it judiciously anyhow.

A man who is a real friend of nobody should not delude himself with the idea that anybody is his real friend.

The Baltimore American assures its readers that Maryland will give Taft a majority of 8000 and possibly 15,000. Which is all we can reasonably expect.

The fire that consumed the forests seems to have melted the hearts of the people and fused them with the suffering ones of the north.

A London baby boy is being reared by its parents on the anti-kissing plan. Wonder what this fellow's sensations will be when he grows up and gets his first from some nice girl.

Bryan says he will carry New York. But unfortunately for Mr. B. his forcast is likely to receive a severe jolt when the voters get busy on the third of next month.

The man who goes without his breakfast so he can think better, finds that he has given himself something to think about.

Like the good Republican official that he is, he has fulfilled his promise to the letter. His record in office is an effective answer to the allegation that it is necessary.

Making More Than a Living

Nearly every man who works steadily makes more than a living. During these slow times the men who have saved something appreciate what it is to have something laid away for a rainy day. A few cents a day soon counts up, and when savings are placed in a bank at a tidy interest the sum soon grows to proportions that make it a safeguard against want when work is not plentiful. Figure up how much more than a living you are making now, and place the difference in this bank. Four per cent. intereet paid in savings department

A BAPTIST ELDER
Restored to Health by Vinol

"I was run down and weak from indigestion and general debility, also suffered from vertigo I saw a cod liver preparation called Vinol advertised and decided to give it a trial, and the results were most gratifying After taking two bottles I regained my strength and am now feeling unusually well." Henry Cunningham, Elder Baptist Church, Kingston, N. C.

Vinol is not a patent medicine—but a preparation composed of the medicinal elements of cods' livers, combined with a tonic iron and wine. Vinol creates a hearty appetite, tones up the organs of digestion and makes rich, red blood. In this, natural manner, Vinol creates strength for the run-down, overworked and debilitated, and for delicate children and old people. For chronic coughs, colds and bronchitis Vinol is unexcelled.

All such persons in this vicinity are asked to try Vinol on our offer to refund their money if it fails to give satisfaction.

The First Will Of This County

A certified copy of the first will ever placed on record in Washington county was made yesterday by Register Morrow, upon the request of Mrs. John L. VanVoorhis, of Belle Vernon. The will was probated on August 16, 1781. It also appears to have been made upon that same date. It is the last will and testament of the late Jacob Johnson, of this county. The original will is brown and faded with age, but the writing in it is almost as plain today as it was when written. It is written in a small but good hand. James Marshel was register at that time.

The bequests in the will sounds strange to modern ears. His wife is given his "plantation." She is also given a negro girl named Nance. At her death the girl was to go to the children. To a son is given a negro boy named "Bood." To another daughter is given a negro girl named "Zilph." Another negro woman named "Luke" is given a daughter, and any children born of this negro woman are given to another daughter. Other such provisions are made for children born of negro women slaves. The collection of a debt of one hundred pound owing him by one John Buchanan is to be used in the purchase of two negro girls for the use of two named daughters. Other provisions are made as to slaves.

Evidently from the will the maker owned a rather large plantation and had in his possession a large number of slaves, male and female.

Kodol will, without doubt, make your stomach strong and will almost instantly relieve you of all the symptoms of indigestion Get a bottle of it today. It is sold here by Piper Bros. eod

Words of Wisdom for Reoublican Voters

Congressman Acheson, through his newspaper, continues to knife the Republican party in Washington county, which for many years has honored him with a seat in congress that he still occupies. He is now telling his neighbors that the way to support President Roosevelt is to vote the Republican "electoral" ticket rather than the "straight" ticket. The malevolence of this advice is apparent. Mr. Acheson is willing to betray every Republican except the candidates on the national ticket, though he owes all he is or ever has been politically to the loyalty of Republicans who swallowed him and followed his leadership in spite of his deals and selfishness.

Fortunately this despicable game is not likely to prosper this trip. In a presidential year Republicans are on their guard and they are not to be deluded with the theory that their local concerns, county, legislative and congressional, are of no account. Mr. Acheson was repudiated last April as perhaps no man in the history of Washington ever was before, and if the Republicans out that way do their duty next week he will get another "bifter."—Pittsburg Gazette-Times.

Canonsburg, Oct. 30.—At the Pennsylvania Reform school at Morganza on Thursday morning ground was broken for the fine new gymnasium building which the managers are going to erect. LOSS FROM FIRE AT SPEERS LAST NIGHT CONSIDERABLE

Flames Oirginated in Haymow Of Stable Belonging To Frank Beazell---Three Buildings Are Burned To The Ground.

OIL AND GASOLINE ABIDE

When Tank Is Threatened Fluids Are Let Run Out on Ground---Part Of Property Insured.

Early last evening fire destroyed a [illegible] two smaller buildings at [illegible] belonging to Mr. Frank Beazell, a representative of the Atlantic Refining company. In one of the outbuildings there was a quantity of gasoline and this was all burned. The total loss of property will probably be $ 2,000, but as there was $500 insurance on the buildings and contents there will be but a loss of $1,500 to Mr. Beazell.

The fire started at about 8 o'clock in the haymow of the stable. The flames spread quickly and by the time they were discovered had gained considerable headway. Aid was called for and a number of Speers residents responded. They could do little and the Charleroi company was sent for. The company responded as quickly as possible but the flames had gained such headway by the time that they reached the place that nothing could be done to save any of the three buildings. Previous to the arrival of the Charleroi company however it was seen that the building wherein was the oil and gasoline tank would be borned and to prevent an explosion and the spreading of the flames to adjoining places, the oil was let out. The flame when they reached this spot speedily licked up the oil.

The fire was discovered in time to permit the saving of all the animals in the stable, but there was nearly two hundred bushels of feed and three tons of hay went up in flames. It was thought for a time when the fire was at its height that the whole row of adjoining houses would be borned, but this was prevented by the overturning of a small building next to the one where the conflagration was raging. It is stated that if there had been a high wind, such as was blowing in the afternoon that the whole number of houses would have gone.

The fire is thought to have been of incendiary origin, but as yet nothing has been done towards establishing the guilt on any person for starting the conflagration.

Changes in Working Crews.

The removal by death of Abraham Milliken a lockmaster at No. 5 in the Monongahela river has resulted in a number of changes in the working crews at the various locks. Col. T. Roberts, assistant United States engineer, in charge of the locks and dams in the Monongahela river, yesterday transferred Arnold Waulther, extender at lock No 1, to No. 4 at Charleroi. Enoch Daugherty, formerly of the packet Woodward, is retained at lock No. 1.

You can't estimate the size of the hole on a small boy's finger by the amount of rag he has tied around it.

REV. SHEY WILL PREACH SUNDAY AT ST. MARY'S

Rev. Lucius W. Shey, the new rector who has been called by the St. Mary's Episcopal church, of this place has arrived in Charleroi and will preach his first sermon tomorrow morning. Rev. and Mrs. Shey are moving to 511 Fallowfield avenue.

Rev. Shey for sometime has been assistant rector of the Trinity church, Pittsburg. He appeared here sometime ago and the local people were much pleased with his work and extended a call to him to come to this place.

St. Mary's church has been without a rector since the resignation of Rev. Percy L. Donaghay, last spring.

The services which will be conducted Sunday by Mr. Shey will be the early communion at 8 o'clock, the morning prayer and worship at 11 o'clock, and the evening prayer and worship at 7:30 o'clock. Sunday school at 10 o'clock.

SOCIAL EVENTS OF CHARLEROI

The Epworth league of the Methodist Episcopal church held a social last night at the home of Mr. and Mrs. D. H. Glunt, on Meadow avenue. A number were present and spent the time pleasantly with games and music. A lunch was served the guests.

Miss Ora Hill entertained a number of friends at her home on Meadow avenue last evening, at a Hallowe'en masquerade party. About thirty-five were present and the grotesqueness of the numerous costumes was a most entertaining feature. The guets were enjoyably entertained with music and games. Unmasking was at lunch hour done and the surprises were many.

Last night a number of Charleroi young people went to the home of Mr. and Mrs. George Vanderslice, in the country near Monongahela, and enjoyably spent several hours, of excellent entertainment being provided for the guests. Several were present from Monongahela. A lunch was served, consisting of the delicacies of the season from the farm, was served.

There will be a Chicken and Biscuit supper at the Christian church tonight under the auspices of the Ladies Circle. The ladies will begin serving at 5 o'clock. Admission 35 cents.

The Tecolote club of California last night held a Masquerade recention in their rooms. About one hundred were present in all manner of costumes. The hall was nicely decorated. After the Grand march at ten o'clock, the guests were requested to unmask. Dancing followed.

There is to be a big Democratic rally at Monongahela tonight. Speakers of Naitonal reputation will be present. 69t1

Miss Christina Vanderhall has returned from a visit in New Kensington with friends.

WORK ON TRACKS PROCEEDS

Donora, Oct. 31.—Thirty-six men and twelve teams are at work grading Castner avenue for the Donora and Eldora street railway, and are making great progress with the work. Already a section of the street is down to grade and the roadbed filled with slag ready for the ties.

Along a portion of the route the water and gas mains are above grade and must be lowered before the contractors can complete the grading. The gas company has men at work on their lines, but the water company is dickering with the railway company over dividing the cost of lowering their mains. Contractor J. I. Patterson is making a vigorous effort to accomplish the larger portion of the work before the winter weather comes. The biggest bit in the borough is at the corner of Castner and McCrea avenues, where the street has already been raised about six feet.

There is some talk of changing the route to Sixth street instead of Prospect, to eliminate the big curves. A proposition of this kind may be made to council on Monday night. While this is pending the work on the other streets will go on without interruption.

PROF. HOUSE MAY GET NEW TRIAL

Twice refused a new trial Prof. Franklin Reed House, formerly principal of the public schools at Smithfield, Fayette county, may yet secure a rehearing of his case. The Supreme Court of Pennsylvania has announced that an appeal would be allowed and the argumnets will be made in Philadelphia in January.

The House case is familiar to all. A young woman, Miss Clarissa Baker, was assaulted by an intoxicated person on a dark street one night in December, 1906. House was arrested, charged with the crime. The case was bitterly fought in the local courts. House was convicted and sentenced to a term in the workhouse. An appeal was taken. The Superior Court refused to reverse the Westmoreland county verdict. Then a rehearing was ordered before a full Superior bench. The opinion filed showed that of the seven judges comprising the Superior Court five stood by the Westmoreland county verdict, two dissenting.

FINISHING UP OF BUSINESS TODAY AT CONVENTION

The program for the today's session of the miners at Pittsburg shows that little will be done except to finish ousiness which previously has been taken up. The meeting yesterday was full of interest and the different factions had clashes over matters in which the miners of the district are greatly concerned.

Delegates from the Mercer-Butler field asked that a commission make a canvass of the situation in that locality and if the strike was found to be justified that the district call on the national president for funds to carry it on. This provoked Feehan to again pay his respects to President Lewis, declaring that he and his enemies were trying to have him ousted from office, and that the real purpose of the convention was to bring impeachment charges against him.

A commission for the Mercer-Butler field was finally appointed after the debate, which lasted until almost adjournment. The commissions Henry Pergel, Matthew Johnson and William Hargest, who were named by Stephen Wetsel, national board member who was presiding at the time. None present would predict the time of final adjournment of the convention, declaring that matters were in too much of a turmoil to bring about harmony and an adjustment of the difficulties which are disputing the district.

Dennis Oates is transacting business in Pittsburg today.

GIVE CAST OFFS TO POOR COMMITTEE

The poor commitee of Charleroi are at the present time making an active canvass of the town, in an effort to secure all the cast off clothing and shoes of persons of this place who have no further use for the articles. This clothing which is often times [illegible] whom there is a surprising large number in this place.

People having clothing which they no longer use are requested to leave the articles at the store of William Gelder.

Two to One Bets.

Spokane, Wash., Oct. 31.—Betting on the election is becoming brisk as the end of the campaign draws near, but of $20,000 posted in one cigar store at 2 to 1 on the Republican candidate for the presidency, there remains $10,000 to be taken up. One of the features of the betting here is that large amounts of money are offered at 10 to 7 that Chandler will defeat Hughes in New York.

Misses Harriet Jolliffe and Mary McGee are spending the day in Pittsburg.

STATE POLICE FOR MONESSEN

Monessen, Oct. 31.—Troop A. State Police, with headquarters at Mt. Odin barracks, will be badly split up in the near future, orders having been received by Capt. Leon Pitcher from Harrisburg to establish special details at eight different points in four counties One of the two special details in this county will be at Monessen.

Westmoreland county will have but two special details, one at Export and the other at Monessen, where it is felt the services of the State Police are needed. Washington and Lawrence county will each get a detail. In the latter county the detachment will be stationed at Hillsville, near the Ohio border line. The point at which the Washington county detail will be stationed has not yet been decided upon, but will likely be in the geographical center.

Thirty men will be requried for the light detachments, which will leave but 25 at Mt. Oding barracks. The usual custom of changing the men at the various detachments at stated intervals of about three months will be continued. MISS NORMA GRAY MAKING A HIT

Miss Norma Gray, the former Charleroi girl who is appearing at the Star theatre this week is making a terrific hit. Miss Gray has a refined singing specialty, that cannot fail to take well, and this fact is accountable for crowds that she is drawing to the Star. Her songs are "Connenia," "Mandy Lane," and "Always Do As You Are Told," from the comic opera of "The Fortune Hunters."

Joseph Franks is making a hit with his cornet solo. Morgan and West in their eccentric comedy sketch are among the best that have appeared here this season, and Lew Hoffman the comedy juggler is an entertaining person. He combines clear comedy with a good juggling act.

New Machine Has Been Installed

James Gelder, the proprietor of the Sanitary Meat Market of Fallowfield avenue installed in his place of business a new "Universal" electric sausage grinder. The new machine is a model both in beauty and in operation, and is an improvement to Mr. Gelder's already up-to-date place.

W. R. Gant is a business visitor today in Pittsburg.

FIVE BOYS ARE FINED AND SIX DISCHARGED

Each Of Quintet Is Assessed One Dollar The Costs Being Thrown Off By the Burgess.

HOTT GIVES WARNING

Says That Lads Must Refrain From Reprehensible Practices Which Annoy Residents.

There were eleven boys before Burgess J. J. Hott last evening charged with disorderly conduct, on Wednesday evening, when they were said to have annoyed residents by reprehensible conduct. Five of the boys, whose ages range from ten to nineteen years, were fined one dollar, the costs being thrown off. The others were discharged, there not being enough evidence against them.

On Wednesday evening the boys were arrested at the corner of Eighth street and McKean avenue and the remainder on Washington avenue. The ones at Eighth street were annoying the residents of that district by knocking at their doors, sitting on the steps and using loud and profane language, and in other ways disturbing the people. The others were arrested for chalking porches and thus violating the law and disregarding the orders of the burgess.

The burgess in fining the five gave them a severe lecture in which he warned them against a repetition of the offense, and told them if they were arrested again on a similar charge they would be given the limit of ten dollars fine and costs. He said that the police are determined to break up the practice of the lads, who persist in the annoying of residents and chalking the porches and outbuildings. This lecture was also intended for the six that were discharged.

Tonight a number of extra policemen will be on the force and all persons infringing the laws governing the observance of Hallowe'en will be arrested and fined.

SOUTH BROWNSVILLE SUED BY RESIDENT

The entire borough council of South Brownsville has been summoned to appear in court on the first Monday in December to defend the suit brought by D. M. Hart, a former owner of the "Weeky Monitor," the only newpasper in the town who claims the borough owes him something over $300 for publishing ordinances in the paper and also printing some pamphlet copies of the same in 1902. The bill was presented soon afterward but council of the borough then (Bridgeport) claimed the amount was to be less than that and that they had a written agreement to this effect by reason of this dispute the bill was not paid.

A Bitter Pill.

The success of the Republican rally at Washington the other night was like a bitter pill to the former boss who has been honored by a seat in Congress for the past twelve years. Instead of this being an admired participator in the covention of Republicans from all over the country, he was looked down upon and was in disgrace, because of his traitorous conduct after his defeat at the spring primaries. He finds that another has succeeded him in the admiration of the throng, a person who, although the defeated man will not admit it is more capable of filling the office of Congressman with honor to the position and himself, than the said former boss could ever think of being.

There was absolutely no reprehensible conduct at the rally, being distinguished by the clean and honorable sentiments which prevailed. The opposition got a just rebuke and the people were given a chance to see for themselves the true state of affairs. They learned that the vituperation and abuse heaped upon the congressional and legislative tickets of the district and county has been merely the spleen of defeated candidate who is unable to accept the charge with the grace of a man.

Bigger'n The Merry Widow.

Talking about hats, the Merry Widow is not in it with the latest from Paris, the "Georgette," which is described to be about 50 in circumference and six foot in diameter. The new addition to the hat world has been brought ashore by a New York woman, Mrs. Philip Lydig. It is the creation of Paris milliner and its surface covers hunderds of square inches. In the center of the thing there rises to grace the occasion around house perhaps fourteen inches in height. From the side of this building appears a huge ostrich feather which disappears somewhere to the rear—that is when you get a front view of the apparition. Whether the woman of this country expect to take up the wearing of the affair or not is not known but if they do it's a cinch that men won't loaf around as they go now.

Dignity of Labor.

There is indeed dignity in labor. Many people would laugh if you should make this statement to them, but nevertheless it is true. Labor is given dignity for the reason that one who toils does it through love of others and love of home. His family must live and he has to provide for them. To do this he must labor. The wolf must be kept from the door and the little ones protected, if necessary with ones life. The American people formerly considered the rich in worldly goods, dignified. Perhaps they were; perhaps in most cases it was merely pomposusness.

John H. Jones, the president of the Pittsburg-Buffalo Coal company recognizes the dignity of labor as perhaps no other man of his position in the country, and is willing to gratify the ambitions of his employes in as much as he has power. Will he be benefitted? Most certainly. No only will he secure the best of employes for his mines but he will have the happiness which comes only to the man who does good to his fellows.

Electric Sparks.

Wonder if fish can swim in salt water. If not the certain kind of which we speak had better get busy and learn how with a suddenness to be prepared for next Wednesday.

Bet the Republican rally at Washington last night made Mr. Acheson feel mighty jealous because he was not the star performer. But then you see, Ernest, that you can not always expect to be at the head of all the festivals in this county.

Better watch out Mr. Lewis, or you will sure get in bad. This seems to be the opinion of the Miners of this district anyhow.

Wonder if William Jennings will come out for president in 1912, or is it possible that the Democrats will have had enough of his buring eloquence by that time.

When the Devil gets in a person until they cannnot help from stealing the sufferer should be placed in a nice little room distinguished by its number of steel bars, until they have sufficiently recovered from the attack of his Satanic Majesty.

The Chicago clergyman who believes twentieth century churches are to be run without the aid of angels would never do for the theatrical business.

If you would see a man at his best, fix your eyes on him when he has a financial object in being argeeable.

If the people of the United States are really anxious to curb the trusts that exploit the people instead of benefitting them, and to control the corporations that trample upon the rights of individuals, the thing to do is to vote for Taft. Commission him to do the work by a majority that will give him confidence. Bryan would be powerless to do anything without the Senate, and is too radical to do it judiciously anyhow.

A man who is a real friend of nobody should not delude himself with the idea that anybody is his real friend.

The Baltimore American assures its readers that Maryland will give Taft a majority of 8000 and possibly 15,000. Which is all we can reasonably expect.

The fire that consumed the forests seems to have melted the hearts of the people and fused them with the suffering ones of the north.

A London baby boy is being reared by its parents on the anti-kissing plan. Wonder what this fellow's sensations will be when he grows up and gets his first from some nice girl.

Bryan says he will carry New York. But unfortunately for Mr. B. his forcast is likely to receive a severe jolt when the voters get busy on the third of next month.

The man who goes without his breakfast so he can think better, finds that he has given himself something to think about.

Like the good Republican official that he is, he has fulfilled his promise to the letter. His record in office is an effective answer to the allegation that it is necessary.

Making More Than a Living

Nearly every man who works steadily makes more than a living. During these slow times the men who have saved something appreciate what it is to have something laid away for a rainy day. A few cents a day soon counts up, and when savings are placed in a bank at a tidy interest the sum soon grows to proportions that make it a safeguard against want when work is not plentiful. Figure up how much more than a living you are making now, and place the difference in this bank. Four per cent. interest paid in savings department.

A BAPTIST ELDER

Restored to Health by Vinol

"I was run down and weak from indigestion and general debility, also suffered from vertigo. I saw a cod liver preparation called Vinol advertised and decided to give it a trial, and the results were most gratifying. After taking two bottles I regained my strength and am now feeling unusually well." Henry Cunningham, Elder Baptist Church, Kingston, N. C.

Vinol is not a patent medicine—but a preparation composed of the medicinal elements of cods' livers, combined with a tonic iron and wine. Vinol creates a hearty appetite, tones up the organs of digestion and makes rich, red blood. In this natural manner, Vinol creates strength for the run-down, overworked and debilitated, and for delicate children and old people. For chronic coughs, colds and bronchitis Vinol is unexcelled.

All such persons in this vicinity are asked to try Vinol on our offer to refund their money if it fails to give satisfaction.

The First Will Of This County

A certified copy of the first will ever placed on record in Washington county was made yesterday by Register Morrow, upon the request of Mrs. John L. VanVoorhis, of Belle Vernon. The will was probated on August 16, 1781. It also appears to have been made upon that same date. It is the last will and testament of the late Jacob Johnson, of this county. The original will is brown and faded with age, but the writing in it is almost as plain today as it was when written. It is written in a small but good hand. James Marshel was register at that time.

The bequests in the will sounds strange to modern ears. His wife is given his "plantation." She is also given a negro girl named Nance. At her death the girl was to go to the children. To a son is given a negro boy named "Bood." To another daughter is given a negro girl named "Zilph." Another negro woman named "Luke" is given a daughter, and any children born of this negro woman are given to another daughter. Other such provisions are made for children born of negro women slaves. The collection of a debt of one hundred pound owing him by one John Buchanan is to be used in the purchase of two negro girls for the use of two named daughters. Other provisions are made as to slaves.

Evidently from the will the maker owned a rather large plantation and had in his possession a large number of slaves, male and female.

Words of Wisdom for Reoublican Voters

Congressman Acheson, through his newspaper, continues to knife the Republican party in Washington county, which for many years has honored him with a seat in congress that he still occupies. He is now telling his neighbors that the way to support President Roosevelt is to vote the Republican "electoral" ticket rather than the "straight" ticket. The malevolence of this advice is apparent. Mr. Acheson is willing to betray every Republican except the candidates on the national ticket, though he owes all he is or ever has been politically to the loyalty of Republicans who swallowed him and followed his leadership in spite of his deals and selfishness.

Fortunately this despicable game is not likely to prosper this trip. In a presidential year Republicans are on their guard and they are not to be deluded with the theory that their local concerns, county, legislative and congressional, are of no account. Mr. Acheson was repudiated last April as perhaps no man in the history of Washington ever was before, and if the Republicans out that way do their duty next week he will get another "bitter."—Pittsburg Gazette-Times.

If you have foot troubles

you cannot do good work with your hand or your brain. To think right—to work right—you must be foot free.

The "STETSON LAST"

was modeled for the man who would banish foot distress. For ten years it has steadily become more popular. It is comfortable, attractive, and will fit perfectly nine out of ten normal feet. If the shoe you've been wearing hasn't fitted; hasn't looked as well as the best-looking shoe you've seen; hasn't given you a dollar's worth of wear; for every dollar spent, you'll buy the "STETSON" when you see it.

The "Stetson Last" is but one of a full line of Fall and Winter Stetsons, made in many styles and all leathers, carried by your local shoe man who displays the *Red Diamond Sign.*

LOOK THE LINE UP TODAY

Every man should have our new book "THE RIGHT TO KNOW." It turns the X-ray on shoe-making. It tells why some shoes are better than others, and why they cost more to make, look better and wear longer. It illustrates twelve attractive Stetson models that sell for $5.50 to $9.00. *Call and get a copy free.*

Briefs of the County

Canonsburg, Oct. 30.—At the Pennsylvania Reform school at Morganza on Thursday morning ground was broken for the fine new gymnasium building which the managers are going to erect. The building will stand on a beautiful plot of ground in the rear, and somewhat to the west of the present administration building.

The breaking of ground for the new building was deemed of sufficient importance by Superintendent Penn to warrant some formal exercises, and these were speedily arranged for late on Wednesday evening.

Washington, Oct. 29.—James Rockwell, of near Burdette, just beyond the Washington county line, in Greene county, and near West Finley, was probably fatally injured about midnight last night, when he fell from a tree which he had climbed while out coon hunting. He was picked up unconscious, and during the forenoon still remained in a criticial condition. The attending physician has little hope for his recovery.

Washington, Oct. 30.—One of the best and the most largely attended institutions held in the Finleyville district of the Washington County Sabbath School Association was convened yesterday in the Christian church near Library. At both the afternoon and evening sessions there was a large attendance. Delegates and others who came by street car were met with hay wagons at the Library station and taken to and from the church. An excellent program was carried out.

Pittsburg, Oct. 31.—In behalf of herself and two minor children, Tiresa Tronzo yesterday entered suit against the Pittsburg Coal company in common pleas court No. 1 for $25,000 damages for the death of her husband.
